

Dear Parents and Carers,

Welcome to the Richmond State School Parents & Citizens Association! Our purpose is to positively impact our children's lives by bringing parents, teachers and the community together to support our children's educational journey while attending Richmond State School.

R.S.S. P&C works hard to enrich our children's school experience by supporting and organising many amazing opportunities our children receive from school camps, new play equipment, fun runs and much more while also fundraising throughout the year including Mother's Day/Fathers day stalls, caravan park dinners, canteens and any new opportunities that come our way!

Joining the R.S.S. P&C is an excellent way to become informed and involved in your children's education while having fun and making friends along the way.

We urge you to join and be apart of making those lifelong memories that our children will forever cherish.

We look forward to seeing all the returning families and the new ones in 2023!

Best Regards,

P&C President
